**Absent:** Mr. H. Farias; Ms. D. Kandawasvika.

1. Remarks from the Chair

The Chair reminded Council that this meeting was a continuation of the last CCSL meeting, and that its purpose was solely to continue discussion on the proposed 1993-1996 Student Services operating budget.

2. Continuation of Budget Discussion

Dr. Boisvert and Mr. R. Côté reported on the work done by the Directorate in response to the requests put forth by Council at its last meeting. Specifically, the impact of the lowering of the proposed undergraduate fee of \$6.01 per credit was reviewed, as was that of the standardization of the undergraduate and graduate fees.

As one of the serious consequences of this decrease in the fee, Dr. Graub discussed its short- and long-term impact on the Career and Placement Service (CAPS).

Student members of Council expressed reservations about the suggestions put forth by members of the Directorate. It was felt by many students that a particular type of information is called for, namely a breakdown of costs "by activity" or "by programme", as well as staff listings, for 1993/94. It was agreed that this would be provided.

3. Next Meeting/Adjournment of Meeting

On a motion by Dr. Litner, seconded by Ms. Jensen, the meeting was adjourned to 1 March, 12 noon.
